## Wake Electric Awards Grants To Non-profits

**W**ithin its service territory and beyond, Wake Electric is known for its tradition of community involvement and support. Through grant and scholarship programs, your electric co-operative invests in the communities where its members and employees live and work. One of these programs includes Operation RoundUp, a grant program awarding funds to non-profit organizations within Wake Electric's service territory.

And that activity is a perfect fit with the daily work and mission of Wake Electric."

## WHAT IS BANK DRAFT AND PAPERLESS BILLING?

Go one step further and sign up for paperless billing. Once you sign up for paperless billing, you'll no longer receive a paper bill in the mail. We'll email you a notice each month that your bill is available for review through the Wake Electric website. # Wake Electric Awards Basketball Camp Scholarships

**Hailey Poole**, 12, of Hawley Middle School in Granville County was awarded the Kellie Harper Basketball Camp Scholarship and **Jeffrey Yokley**, 11, of North Garner Middle School in Wake County was awarded the Roy Williams' Basketball Camp Scholarship from Wake Electric.

Hailey is the daughter of Miriam and Rickey Poole and Jeffrey is the son of David and Nancy Yokley.

Winners were selected by a panel of judges who reviewed an application that included an essay about the students' reason for wanting to participate in the camp. Hailey and Jeffrey were selected based on the excellence of their

applications and accompanying essays. The Kellie Harper Basketball Camp will be held June 20–23 at N.C. State University in Raleigh, and the Roy Williams' Basketball Camp will be held June 19–23 at the University of North Carolina at Chapel Hill.

Both camps will work closely with each camper to help develop fundamental skills. Individual and team competition will provide opportunities to challenge young athletes to perform and to excel, both on and off the court.

Wake Electric's Touchstone Energy Sports Camp Scholarship

program is part of the electric cooperative's ongoing commitment to the counties it serves.

*Hailey Poole with teammates.*

"I would like to go to [the Kellie Harper] camp so I can get better skills...I'm not scared of the people I play against, but I am scared of not playing well and maybe losing the game for the team and the school."

—Hailey Poole, age 12

"I like basketball because it is such a team sport. One person cannot do everything, no matter how good they are. The reason our team was so successful [this year] was that we played hard and we played together."

—Jeffrey Yokley, age 11
